WITHIN THE SAME UCSF CAMPUS
 Writable and Printable PDF

Campus Location: _____ Parnassus Mission Bay SFGH Mount Zion Laurel Heights Mission Center Building China Basin [Circle campus name if not writing on PDF]		Date: _____	
From PI: _____ RUA#: _____		Radioisotope Name	Activity mCi
To PI: _____ RUA#: _____			
Transferred by:		Received by:	
Name _____		Name _____	
Signature _____		Signature _____	

Instructions

Use this form for transferring radioactive material from one P.I. to another P.I. located at the same campus. Labs may make this transfer.

Note: the transfer of radioactive material to a different UCSF campus or another institution must be handled by OEH&S. To arrange for this transfer of radioactive material, laboratories at the Parnassus Campus would call the Parnassus radioactive receiving office at 476-1771. Laboratories at all other campuses would call the Mission Bay Campus radioactive receiving office at 514-4107.

A copy of this form must be filed in the RUA binder at both the origin and destination laboratory. In addition, please mail a copy of this form to OEH&S, Box 0942, attention Radiation Safety Officer.

Thank you.
